

Investment Summary Senior Living Project City, State

Executive Highlights

1. Senior Living Project Overview

The Project will be a 3 story, 79 unit luxury apartment complex located west of downtown Denver near Sloan Lake. The project will include a basement level parking garage, a courtyard for resident use, and three levels of residences with additional parking available outside of the building. Several factors, including multiple redevelopments of existing projects in the neighborhood, proximity to downtown, and ease of access to the Rocky Mountains all provide a promising outlook to this project.

2. Strong Wage Growth

The Mile High City's growing economy and population have driven up real estate sales nearly every month in the past five years. Employment growth has accelerated in almost a straight line since the start of 17Q4. In August 2018, annual employment growth came in at 2.8% (41,000 jobs), sharply up from a recent low of 1.7% in September 2017 (25,000 jobs).

3. Location

The Project site provides a close proximity to downtown Denver, including easy access to Pepsi Center, Sloan Lake, Elitch Gardens, Mile High Stadium, LoDo, and Downtown. This up and coming neighborhood is poised for explosive growth as many lots in the area are undergoing redevelopment. The broader Denver metro has become a premier destination for educated Millennials, and net migration and total employment growth remain well above the national average.¹

4. Property Description

Level 1: 35 luxury apartments featuring courtyard views and upgraded amenities.

Levels 2-3: 44 luxury apartments featuring balconies, views of the courtyard, and large windows.
